

Busbridge Junior School

After school club Spring term 2019

ComputerXplorers is delighted to be able to offer a new after school club this term. We will run the club on a Thursday afternoon and will tackle two exciting activities during the term.

App Developer: In this course the children will learn to make several apps which can be installed on smart phones and tablets. They will learn how to design apps, deciding where and how to position text, images and touch responsive buttons. We will also look at some of the Java Script programming that powers the apps.

3D computer design. During this part of the course we will use a piece of software called SketchUp to practice 3D design. We'll design objects which can be 3D printed.

This course is slightly more expensive than other CX courses as it includes the price of printing a 3D model for each child. £5 will be refunded if your child's model is not printed.

- ➔ Each lesson will last one hour after school on a **Thursday**. Please collect your children at 4.30 pm
- ➔ Dates: January 10, 17, 24, 31, Feb 7, 14, 28, March 7, 14, 21, 28
- ➔ Cost for the 11 sessions is **£75 per child**.

How do I register?

To book a place on this course go our website (address below) and click on the 'book a class' button at the top of the page.

www.westsurrey.computerexplorers.co.uk

From the list of courses available select **Busbridge Spring 19** and complete the details requested.
Please take care to ensure that you are registering your child on the correct course

Please get in touch if you have any questions about the course.
