Thursday 17th March 2022

Dear Year 5 Parents and Carers

Year 5 Visit to the Winchester Science Centre – Monday 28th March 2022

We are delighted to inform you about the Year 5 trip to the Winchester Science Centre and Planetarium on Monday 28th March 2022. The Science Centre's exhibition area consists of 100 interactive exhibits which are designed to be engaging and give an educational overview of the earth and space topic we are currently studying in Science.

We will be taking part in a 'Discovering Matter' workshop, exploring exhibits about sound including a 10m high guitar!, exploring space and the effects of gravity on different planets and watching a Planetarium show giving a tour through the universe including planets, stars, earth and satellites.

We would like the **children to arrive at school by 8.40am ready to leave on the coach at 9.00am**. We will leave the Science Centre at 2.30pm and, depending on traffic, will return back to school for 3.30pm ready for collection. Your child will need to bring a clearly named packed lunch, healthy mid-morning snack and water bottle. Additionally your child is required to wear full school uniform.

The whole **trip will cost £18.50** payable on Parentmail PMX. Although this monetary contribution is voluntary, we will be obliged to cancel the trip if the cost is not covered.

Please **complete the consent form for your child via the following googleform link** (press 'submit' at bottom of form once completed to send to the school office) **by Thursday 24th March 2022**: [FILL IN USING GOOGLE FORMS](#). If you have problems accessing the googleform please speak to the school office.

We would welcome the help of parents on this trip - please indicate on the googleform if you are able to volunteer.

We look forward to what promises to be a very exciting and interactive day for the children.

Yours faithfully,

Miss Eva Loudon and Mr Max Stuart
Year 5 Class Teachers
