

## Busbridge CE Junior School Whole school Provision Map

*Enabling ALL children to feel **success** and develop **independence***

**Wave 1** – Teaching is planned at an appropriate level so that all children can make progress from their starting points and achieve success. Whole class work will be differentiated to meet the needs of all learners.

**Wave 2** - If a child is not making progress in line with their peers, additional support or intervention may be needed.

**Wave 3** – If additional support has not accelerated learning, then a more personalised approach is taken.
