1st July 2020

Dear Year 6 Parents and Carers

The Year 6 children will be making a buggy as part of their Design and Technology work this half-term.

The buggies will be constructed using MDF wood and other materials (eg. motors, batteries, frames) which we have purchased from our school suppliers. These materials come in at a higher cost to the school than the majority of other DT projects at approximately £4 per child.

Consequently we usually request a parental contribution to cover the cost of the buggy for those children who wish to take theirs home. It is optional to keep the buggy, and for those children not wanting to keep it then there would be no charge.

Some parents will have paid £4 to the school for the Godalming Museum trip which was sadly cancelled. For those who paid the £4 we would be happy to allocate this payment against the cost of the buggy. For those who did not pay for the Godalming Museum trip, and your child wishes to keep the buggy, could you kindly provide payment of £4 by cash or cheque (made payable to 'Busbridge Junior School') by Friday 10th July 2020.

Please could all parents complete the attached form and return via their child to the class teacher.

Yours faithfully

Mr David Evans and Miss Sarah Mistry
Year 6 Class Teachers

Year 6 Buggy Project

Please complete and return to the class teacher:

Childs Name:..... Bubble:.....

My child would like to keep their DT buggy YES / NO

I would like school to allocate my £4 Godalming Museum payment to pay for the buggy YES / NO

I enclose £4 payment for my child's buggy YES / NO

Signed:.....(Parent / Carer) Date:.....
